I've seen lots of pretty faces in a million different
places

And it's hard for me to keep from doing wrong

'Cause you're the cutest and the sweetest

You always dress the neatest

With one exception and she's waiting at home

If I let temptation fill me, I know your kiss would thrill
me

And how easy it would be to lead you on

You're such a lovely girl, you're perfect for my world

With one exception and she's waiting at home

Sometimes I almost cheated, after all I'm just a man

Can't you see my world is wrapped

Up in a golden wedding band

I'd beg steal or borrow

And you'd be mine tomorrow

With one exception

And she's waiting at home

Yes, I'd beg steal or borrow

And you'd be mine tomorrow

With one exception

And she's waiting at home
