Sad eyes  
Still of the night  
No where to turn  
No end in sight  
Your tragedy  
A mystery  
But this little loss is my big victory

Look at the signs painted in blood  
Feel my embrace as cold as the dead  
Believe all the lies  
It's the art of deception

Look to the skies  
See the fiery shapes  
Feel no remorse  
It's falling down again  
Hate of infidels  
Falling off the shelf  
All in a name  
Religion itself

Look to yourself  
What mankind has become  
Don't turn around  
You've got nowhere to run  
Burn in your shame  
Now you no my name  
Leading you here  
For thousands of years

Look at the signs painted in blood  
Feel my embrace as cold as the dead  
Believe all the lies  
It's the art  
Look at the signs  
Feel my embrace  
Believe all the lies  
Deception  
Deception  
Deception
