all alone in your room  
i feel your heat  
the time is soon  
i watched you sleep a little while  
i tasted your fruit  
and cramped your style  
though you try to rid of me  
it's just no good  
can't you see  
what's inside thee  
sanctifies me  
i'm such a slave to the smell  
that gives me wings straight to hell

now that we know just what we are  
without a word without a sound  
into these eyes i disagree  
if i were you locked inside me  
you razed the wall i knocked it down  
i am the lost you are the found  
i found the key to get inside  
you are no longer sanctified

it's inside of me  
like that fly you just can't flee  
i'm that fly you just can't flee

i shed my skin and washed my hands

but for you i'll take  
one last stand  
what's inside thee  
sanctifies me  
no matter what the future holds  
i'm bugging you forever till you grow old

now that we know just what we are  
without a word without a sound  
into these eyes i disagree  
if i were you locked inside me  
you razed the wall i knocked it down  
i am the lost you are the found

i found the key to get inside  
you are no longer sanctified

it's inside of me  
like that fly you just can't flee  
i'm that fly you just can't flee

you razed the wall i knocked it down  
i am the lost you are the found  
i found the key to get inside  
you are no longer sanctified
