up on the stage
so mesmerizing
your coming of age
and the temperature is rising
like a rat in a cage
there aint no compromising

could this be
a joke on me
cuz only you
can set me free

well i prayed to your god
cuz that's what you wanted
yet all that I hear
better finish what you started
well be careful what you wish for
those were the words that you told me

could this be
a joke on me
this all comes down

to you and me
everything you have promised
a fallacy
and only you
can set me free

drink from my wine
bittersweet on your pallet
cuz all your ill will
beats me down like a mallet
well be careful what you wish for
those were the last words you told me

could this be
a joke on me
this all comes down
to you and me
everything you have promised
a fallacy

and only you
can set me free
