take your last breath
shaken to death
prey A.C.F to come and take you home
left all alone
accident prone
pick up the phone & beg someone to save you
you asked them to smile
for the cameras & for your files
now this is your trial & no ones gonna' save you

look in my mind
tell me what you find
nemesis it's time to

show you
a cold truth
watch you
turn blue
makes me burn green with envy
but i promise you
this makes me smile

look deep in my soul

time takes it's toll
all that you stole from me can never be found
with no one around
lay on the ground
& don't make a sound cuz' i can see through this act
and all your masks
and all of your tasks
now all that i ask is can you please smile for me

look in my mind
tell me what you find
nemesis it's time to

show you
a cold truth
watch you
turn blue
makes me burn green with envy

but i promise you
this makes me smile
