Music & Lyrics by We3Kings (Seven, Walter Brandt, Bill Brandt)

Staring at the universe  
Eyes upon the sky  
Lost within a starry night  
I stop and breathe it in  
Empty is the open heart  
Wishing on a star  
Gazing at the full moonlight  
I wonder where you are

### CHORUS

This night, I pray  
There's someone out there waiting  
Waiting for me  
And in love will fall  
Hopelessly romantic  
When this true love comes along  
A child believes in miracles  
Like I believe in love  
Gentle is the patient heart  
That waits only for you

### CHORUS

### BRIDGE

No words no doubts  
Will fill this lonely heart tonight  
And in love in love will fall  
With more love than the poets  
Or the nightingales song
