So you're all alone  
And don't know which way you're going  
And you feel the pain, but you don't care  
And you say the words  
The words you think they want to hear  
And you fool yourself for a little while  
And you don't know how my heart cries  
To see you here covered in lies

[CHORUS]

So where do you go from here?  
Can you tell me about tomorrow?  
Where do you go from here?  
Is there something you will find?  
Oh where do you go from here?  
Can you tell me about thr sorrow?  
Where do you go from here?  
Is there something on your mind?  
And you walk the line  
And you face becomes a little harder  
And you can't smile with a mouth full of lies  
And you lose yourself  
And your tongue becomes a little tougher  
And it's getting worse with everyday that goes by  
And you don't know how my heart cries  
To see you here so lost tonight

[BRIDGE]

Hey, what you do to yourself  
You're angry and you're jaded  
You're life's so complicated  
And no, you can't blame anybody else  
It's your fault and you know it,  
But you're too f\*\*ked up to own it
