Would you give blood if you had any

Would you say I'm good or are there far too many fish in  
the sea

Won't you please say that again

Shame on you

There's something in my head

And it's got it's back to me

One day I think you'll sing my praises

But at the moment you're far too lazy to

Get down on your knees

I'm begging please say that again

I'll carry on for as long as I have to

Come round to my house, and I'll show you how to

Get down on your knees

I'm begging please say that again

Shame on you

There's something in my head

And it's got it's back to me

Would you walk near me if you knew how to

Could I ever see you and do you know how to

Get down on your knees

I'm begging

Please say that again

Shame on you

There's something in my head

And it's got it's back to me

There's something in my legs

And they never walk to me

Would you give blood if you had any

Would you say I'm good or are there far to many fish in  
the sea

Won't you please say that again

Shame on you

There's something in my head

And it's got it's back to me

Shame on you

There's something in my legs

And they never walk to me

Shame on you

There's something in my head

And it's god it's back to me
