music: Joey Vera, lyrics: Jack Frost

Take a gun and kill them all  
Watch the pain inside them when they fall  
Have no fear, you are God  
Johnny controls the torment for one and all

I'm the one you dream of  
Dark hatred that they scream of  
The one you want to be now  
I'm alive inside you

Hey Johnny, ha ha ha ha

Taste the blood that's on your hands  
Now your soul will reach the promised land  
Denied the future, relinquish the past  
Johnny's finally your master here at last

I'm the one you dream of  
Dark hatred that they scream of  
The one you want to be now

I'm alive inside you

Run run for your life now  
Hide until the sun  
Run, run from the night now  
Until the morning comes

I'm the one you dream of  
Dark hatred that they scream of  
The one you want to be now  
I'm alive inside you

Run run for your life now  
Hide until the sun  
Run, run from the night now  
Until the morning comes  
Run run for your life now  
Hide until the sun  
Run, run from the night now

Until the morning comes  
Run run for your life now  
Hide until the sun  
Run, run from the night now  
Until the morning comes
