Tell me something cause I don't know
If that look's for me
Change your face and show me
How is it that you can sleep?

(show me that face) bring it up to me
(show me that face) means nothing to me

(why don't you tell me)

What you see in me
(a motherfucker without a life that's
Always gettin' somethin')
What you see in me
(I got a life - you get a life
And show me somethin')

Black and white I ask this question
Twisted lies come clean
Face it. I see it. don't wanna be it.
I hate it. I feed it.
Can't wait to see you.

(show me that face) bring it up to me
(show me that face) means nothing to me

Tell me something cause I don't know
If that look's for me

(a motherfucker without a life that's
Always gettin' somethin')

(why don't you tell me)

What you see in me
(a motherfucker without a life that's
Always gettin' somethin')

What you see in me
(I got a life. you get a life
And show me)
