I need an answer  
Some way to understand  
This feels so convincing  
And a little outta hand  
So tell me one thing  
Who gave you all those scars  
That took away your innocence  
You push away with everything you are

I can't take this anymore  
I'm tired of breaking  
I'm tired of breaking

I want the world to see  
You sold a broken dream  
You were not there for me  
I was Unraveling  
All that we never knew  
That could have been me and you  
But you took everything  
Now we're just here Unraveling

So here we are now  
Break what's already broken  
I guess I coulda seen this coming  
If you'd been around  
Lets tear the past wide open

I can't take this anymore  
I'm tired of breaking  
I'm tired of breaking

I want the world to see  
You sold a broken dream  
You were not there for me  
I was Unraveling  
All that we never knew  
That could have been me and you  
But you took everything  
Now we're just here Unraveling

What have we become  
The hopeless tonight and I think it's over  
We hope to find the truth still breathing  
Can we survive the low

I want the world to see  
You sold a broken dream  
You were not there for me  
I was Unraveling

I want the world to see  
You sold a broken dream  
You were not there for me  
I was Unraveling  
All that we never knew  
That could have been me and you  
But you took everything  
Now we're just here Unraveling
