Turkish clove cigarettes  
In a black coffin lunch box  
She falls into the poster on her wall

She has an ideal fantasy  
She's with Lestat meets Peter Murphy  
On a moonlit stroll  
Through a grave yard in the fall

Goth girls in Southern California  
So pale in the carcinogenic sun  
The pool is anathema  
The beach is a bitch and no fun  
Goth girls don't like that California sun

Goth girls in Southern California  
Goth girls in Southern California  
It's so, so, so Cal

She dons her cape with caul  
And trowels on the make up  
Some quick candle magic and she is gone

She works at the mortuary  
She loves the flower arrangements  
The night shift is the shift where she belongs

Juju, tarot, voodoo  
She has Johnny Depp in effigy  
Los Vampiros Lesbos

Downloaded as an MP3

Corsets, chains and chokers  
And an amulet to guarantee  
Magical protection from the bimbo's jocks  
Who belch with glee, play football and water ski

She's slow motion dancing  
Happy to be sad in The Dungeon  
The sepulchral lighting suits her mood  
She wears her heart on her sleeve

And her sleeve is made of velvet  
There's a pussy cat under that attitude

Goth girls in Southern California  
So pale in the carcinogenic sun  
The pool is anathema  
The beach is a bitch and no fun

Goth girls don't like that California  
Goth girls don't need no California  
Goth girls don't want that California sun

Goth girls in Southern California  
Goth girls in Southern California  
Goth girls in Southern California  
Goth girls in Southern California

Oh, leave them alone
