1st verse: sevenes

Now what you wanna do baby?,

You know you wanna feel my touch, rubbin on me all night at the club,

No need to say thank you very much, I feel yah,

I'm diggin yah like ice cream that I love, & if you want,

I'll lick yah to the neck to the back

Wherever you like it the best... I'll get it all over your chest,

Take them body shots and make you wet, and get ohhhh!

Baby lean back lil bit, ang aking darna

I hope yah like it when your bangin behind is rubbin my only partna

Unlock your body move it and shake it like a drink the "shake well"

Kahit kongting saglit makapiling ka lang sandali,

That means let me be with you for a sec

And you'll be makin the night so bomb and complete, ughh...

Chorus: 2x

Touch me!... if you like it like that...

Touch me!... if you want it like this...

Touch me!... come here and feel on me...

Touch! you make me so ughhhh...

2nd verse: mke m.

Say touch me, come closer your body be bangin baybe.

Hold me, drop it to the floor and get crazy.

Grindin till the end of the night, then be my lady.

Exchange numbers, without speakin the words of maybes.

To tell you frankly here to stay and never leave you  
lonely.  
Cuz commin cross yah, my night shines not hazy.  
Havin this feelin that you could be that one and only.  
So now hold me, makin this verse a true story.  
Not to rush now, but the odds are better safe than  
sorry.  
The night is young so let me take you home, come near  
me shawty  
Get twisted with me, with shots or an ounce of forty  
So come closer, as this night goes down slowly...

Chorus: 2x

Touch me!... if you like it like that...  
Touch me!... if you want it like this...  
Touch me!... come here and feel on me...  
Touch! you make me so ughhhh...

3rd verse: sevenes

I said. get up get up, get down and get dirtay  
To the stage, to the floor, I'll let you rape me  
Romance me more, baby you know that I'm yours...  
Shake that ass mami, and drop it downlow...  
Grind up on me, do it nice and slow...  
After the night, we can put on a show...  
Light up a candle for a sec, turn it off so we can  
handle...  
Distract them listeners, turn on the radio...  
Grindin once again, like u never done before...  
Your the most definite hot shit that I've been lookin for,  
I got those, manila, phippines... we stay close  
Sevenes and mike mercado now doin the show!...

Chorus: 4x

Touch me!... if you like it like that...  
Touch me!... if you want it like this...  
Touch me!... come here and feel on me...  
Touch! you make me so ughhhh...  
Touch...  
Touch me...
