"Oceans From The Rain"

And I'm amazed by You. Cause You're never far away
And all that I've been through, Your love has never
changed

Chorus:
You make oceans from the rain
Breathing life into this place
And I will drown inside your love
Until I see your perfect face

And nothing I've acquired means anything at all
Cause you're everything I needed
You're so much more than I deserve

(Chorus)

And I thank you Lord (repeat 4 times)

(Chorus)

The blood of Jesus can wash your pain away
