Many years have passed
Who'd have known we'd last
To see this day

The struggles we've been through
The friends we thought we knew
Have gone away

But I... I...
Won't let it get me down

I'm ready to find out
I'm looking to see what we're about
I'm ready to find out
The only way

It seems we've worked so hard
But this is just the start
Hope you're holding on

So many things we've seen
In life and on T.V.
Keep holding on

'Cause I... I...
Just let go of my pride

I'm ready to find out
I'm looking to see what we're about
I'm ready to find out
The only way
The only way

Underneath it all, we're just lonely souls
But we find a way to relieve the pain
Some we do with love, for some it's not enough
It's a chance I'll take 'cause I believe in fate
Come on lonely world, show me what you've got

I'm ready to find out
I'm looking to see what we're about
I'm ready to find out

The only way

I'm ready to find out

I'm looking to see what we're about

I'm ready to find out

The only way

The only way

The only way
