"Same Old Dream"

I can see your breaking point
Something tells me you're alone again (alone again)
I'm not hiding now; I'm just reaching out
What I'm finding out... it's you

Oh, tell me you're alone
'Cause I'll be coming home
But will I be the same old dream
That's been holding on

Can you hear me making noise
Something tells me you'll be around the bend (around
the bend)
I just hope I'll be what you want to see
I'm falling hopelessly in love

Oh, tell me you're alone
'Cause I'll be coming home
But will I be the same old dream
That's been holding on
In your wishing well
I see outside you're there
But will I be the same old dream
That's been holding on

Fade away the same thing
Tell me what I need to do to bring it back
Help me give you what you almost had

Oh, tell me you're alone
'Cause I'll be coming home
But will I be the same old dream
That's been holding on
In your wishing well
I see outside you're there
But will I be the same old dream
That's been holding on

Oh, holding on

That's been holding on
