This hour glass is empty
And I don't mind what you're sending but it's keeping
me very aware
This sympathy that you needed
Wasn't something I believed in
But at least there was a sign you cared
Slow it down
Slow it down

Stop pretending that you care about
The love that's burning 'cause you blew it out
How much longer will it be around
I don't know
I don't know

Well maybe I'm just dreaming
But it seems you've been keeping me swimming
against the tide
'Cause when it comes to feelings
You just give me another reason you don't seem to
even bat an eye
Slow it down
Slow it down

Stop pretending that you care about
The love that's burning 'cause you blew it out
How much longer will it be around
I don't know
I don't know

I can't find
You don't show what's inside
This loves lost
In your mind
I hang on to this thin line
Slow it down
Slow it down

Stop pretending that you care about
The love that's burning 'cause you blew it out
How much longer will it be around
I don't know

I don't know
