I stand opposed of what I've been taught my whole life
My family entangled by the church of rome
Followed traditions of man - never followed my own
My creed - not saved by works, but by grace alone
No pope, no priest, nor cardinal over me
I call no one father except the one true God
Christ is my mediator I will repent to him alone
Confused by hail marys - confessions to a man
Faith drowned in "holy" water Christ reduced to
sacraments

I stand opposed of what I've been taught my whole life
My family entangled by the church of rome
Followed traditions of man - never followed my own
My creed - not saved by works, but by grace alone
No pope, no priest, nor cardinal over me
I need no saints for my prayers to intercede
Glory to the highest - three in one - trinity
I stand opposed of what I've been taught my whole life
My family entangled by the church of rome
Followed traditions of man - never followed my own
My creed - not saved by works, but by grace alone
