He lured them in by lying and made them greedy

To begin with I am sad, to begin with I am just as mad
as you, almost
You see there's a difference between us that won't go
away 'til you're dead

My pretty dancer tell me: are you alone inside your
make-up
And the mask you're wearing slowly tearing you apart
Sing, do a final show for me. you're heavy at heart as
can be
I know you're sad about it

Quick be on your way -to the sound of the army boots
you fall asleep so quietly
Maybe you will live another day
Soon they will find you and make you pay

Predators will hunt their prey, send me on my way just
to
Bleed
Cut you open for the cause to feed
Tell me a tale, the one about that girl
Who can dance away time, move her feet like rain

His words are all the same lies, his words are greedy

Sing, do a final show for me. there's a tear in your eye I
can see
That I'm not talking while you're singing

Quick be on your way -disappear in the dark be a black
shadow in the park, fade away
And try to live throughout the day
Soon they will find you and make you pay

You will follow, they will lead with minds of flesh and
blood
And greed
Cut you open like a sack of seed

Tell me a tale, the one about that girl
Who can dance away time, move her feet like rain

Predators will hunt their prey, send me on my way just
to
Bleed
Cut you open for the cause to feed
Tell me a tale, the one about that girl
Who can dance away time, move her feet like rain

Cuz I'm a soldier and you're a dancer
So I let you over
