A northern corner,
The stage is set and each must play his part
Accusing children: "-i have seen her fly!"
The life-depriving lies

I'm sorry you must believe me!
-but we have seen you heal in evil ways.
Deceiver!

Witches will burn
-even if she dies for a crime unknown
Taint the sky, ashes falling
And even if your heart is saying "no!"
-your mind is so twisted. can you really let her go?
Soon the heavens will burn!

A stronger magic;
To allow this jest, reason is subdued
Accused and lying -oh sure she will cry!
Confession tears they are!

I'm sorry, my life is over
-and we will make the demons go away.
Forever!

Witches will burn
-even if she dies for a crime unknown
Taint the sky, ashes falling
And even if your heart is saying "no!"
-your mind is so twisted. can you really let her go?
Soon the heavens will burn!

A kingdom is burning,
And will I ever know just why?
I see them burning oh I see
It burns in me
?they're burning us all!

Witches will burn
-even if she dies for a crime unknown
Taint the sky, ashes falling

And even if your heart is saying "no!"
-your mind is so twisted. can you really let her go?
Soon the heavens will burn!
