If I've been talking in my sleep
It's cause I can't seem to keep you off my mind
But it's not like I'm trying
I'd be just fine with you on my mind all of the time

I would have waited all of my days
I meant what I said, I'd love you till I'm dead

I cannot let go, so please let me borrow
Whatever you're taking, to bury the waking memories
You know I'd come over, if you only lived closer
We could talk about the weather, what tomorrow might
bring
Unless you think I've been talking in my sleep

You were the one, the one who woke my love
Opened my eyes
But you've got to know I have let you go
Though I'll hold on
To the ways you've helped me grow
Now I can say we'll be better on our own
Life didn't happen the way we planned
Nobody sets out for a broken heart
Osceola and neon yellow cars
These are the things
Things that make us

Now I got that off my chest so I can finally rest

Now I can let go so I don't need to borrow
Anything from you
