"Seven Of Oceans"

Visit "[Seven Of Oceans](#)" on MotoLyrics.com

Here we are, seven of oceans / great divide conquers
emotions, for good
Drives in car, transfers allegiance to land / Looks to
land's earthen embrace
(Lum dum dum...)
I was led to believe that changes came
Changes came when I was very much older
Layer the stone when limbs are worn down / layer the
soil when mind has gone
Here are you, swept in on beaches
Tail winds, tangled nets / tasting soil, tail flaps in
sunlight
