If you call to dreams do it softly  
For they might never arrive  
It's a song that you'll have to sing solo  
They might never arrive  
It's a great height that you've fallen  
It's a great height that you have taken on trust  
And think while you are falling  
Look around at solid ground  
Accelerate / Accelerate, excel at speed / Caress the  
Earth / Accelerate  
"More flying, falling and Fairyland. And Freud,  
probably."
