"Adolf A Karrot?"

Bonus track on _Accident_ CD, from the 1984
Blubberknife cassette.

This is the proper spelling of the title.)

Adolf a karrot, Eva a rabbit

Lunch in the bunker, crutch in the rubble

Scnapps trickles here under the door

Fat Hermann says "Holes"

Mitsi armadillo, schauzer pillow

All these and more live next door

Dear Dr. Joseph, please do not throw bricks

All your sort are sick
