

Severed Heads "Goodbye"

Visit "[Goodbye](#)" on MotoLyrics.com

Death travels slowly charity favours / cost of the
moment crust of the crater
Sober and gentle base of the total / craft of the hopeful
founded in style
C And air - people are waiting for me / My name will fall
in the rain
Death travels slowly upwardly mobile
Pope of the gentiles, scourge of the missiles
Past of the nubile told in the papers / Lost in the chases
over the climb--C
