

Severed Heads "Hot With Fleas"

Visit "[Hot With Fleas](#)" on MotoLyrics.com

I am covered in filth, at least it's my own

My smell, well, you know you can't get higher

One day in my life is six in your old

With filth, it's all a little faster

I am off the leash and hot with fleas, family couldn't be stronger

I am off your leash and hot with fleas

Hang your head, hang your head in shame! Hang your head in shame!

"Yeah, well, you can't take away my self-respect.
Written at a bad time

for feelings but a good time for wising up."
