1 My name is Legion / I'm to work with you  
We've much before us / Hungry to begin  
O don't you doubt  
The best of everything / is held in one man's gaze  
The best of everything / is held in one man's gaze--1  
2 We'll fly the nights! (We'll fly the haunts!)  
We'll gash the haunts! (We'll gash the caul!)  
We'll knife the caul! (We'll knife the nights!)  
We'll jump the fire! (I'll work with you!)  
O don't you doubt  
The best of everything (Oh it is!) / is held in one man's  
gaze (Oh it is!)  
The best of everything (Oh it is!) / is held in one man's  
gaze (Oh it is!)  
(Oh it is!)  
"Tribute to the guy who made Exorcist 2, Zardoz,  
Excalibur, etc. John  
Boorman, isn't it? What a talent."
