

Severed Heads "Nation"

Visit "[Nation](#)" on MotoLyrics.com

Carry the news, the nation of two is in despair
The radio and dancing crowd mimes the fighting in the
streets
Carry me back to my homeland
The field of fire and streams of blood seek to hold and
give away
Carry a nation in my heart
Slurring tongue and magic eye once again are brought
to life
I don't think I'll ever understand
How you found solace in another land
"Basically, how can people release records about their
own personal
Problems? How can other people dance to them in
clubs? How can 'things
Change' so that everything becomes nothing so
quick?"
