

Severed Savior "Bloody Prolapse"

Visit "[Bloody Prolapse](#)" on MotoLyrics.com

Organism of infection
Festering inside her rectum
Hemorrhaging intestines collapse
Menstruating bloody prolapse
Doctors research thoroughly
Prolapse of the third degree
Insides on the outside show
No prescription for camel toe
Pouring from the swelling crevice
Discharge transparent but yet apparent
Crippled intestines my lubrication
Staples healing shut the cunt and anus
Prostitution institution for the mentally retarded
Drooling stiff armed handicaps
Hearing Aides and shit grenades
A new form of slavery
Cleft lip workers all on speed
Human, monkey, cyborg, whores
Anorexic cross dressers
Plastic donuts
Shoved inside your hollow anus
Blood surprised me
