Right! now ha, ha

I am an anti-Christ  
I am an anarchist,  
Don't know what I want  
But I know how to get it.  
I wanna destroy the passer by  
'cos I wanna be anarchy,  
Ho dogs body

Anarchy for the UK  
It's coming sometime and maybe  
I give a wrong time stop a traffic line.  
Your future dream is a shopping scheme  
Cause I wanna be anarchy,  
It's in the city

How many ways to get what you want  
I use the best I use the rest  
I use the enemy.  
I use anarchy  
'cause I wanna be anarchy,

Its the only way to be

Is this the MPLA  
Or is this the UDA  
Or is this the IRA  
I thought it was the UK  
Or just another country  
Another council tenancy.

I wanna be an anarchist  
(oh what a name)  
And I wanna be an anarchist  
(I get pissed destroy)
