Belsen was a gas a read the other day
About the open grave where the Jews all lay
Life is fun and I wish you were here
They wrote in post cards to those held dear

Sergeant Majors on the march
Wash the bodies in the starch
See them all die one by one
Guess who's dead? Guess whos glad?
So glad

Belsen was a gas a read the other day
About the open grave where the Jews all lay
Life is fun and I wish you were here
They wrote in post cards to those held dear
