"No Future"

God, save the queen, her fascist regime
It made you a moron, a potential bomb
God, save the queen, she ain't no human being
There is no future in England's dreaming

Don't be told what you want, don't be told what you
need
There's no future, no future, no future for you
God, save the queen we mean it man
(God save window leen)
We love our queen, God saves
(God save human beings)

God, save the queen 'cause tourists are money
And our figure head is not what she seems
Oh God, save history, God, save your mad parade
Oh Lord God, have mercy, all crimes are paid

When there's no future, how can there be sin?
We're the flowers in the dustbin
We're the poison in your human machine
We're the future, your future

God save the queen, we mean it, man
There is no future in England's dreaming
No future for you, no future for me
No future, no future for you
