Sarlacc sarlacc in the sand
How deep do you reach your longest hands
How you consume the local clams
Oh sarlacc sarlacc in the sand

Ate the gangsters and the Hutts, Tusken raiders and all
of us
We'll abide you if we can, If you promise not to eat our
band
A thousand years a few credits short, c'mon c'mon give
us a break
A few debts more a few days late, c'mon c'mon give us
a break

Sarlacc sarlacc in the sand
How deep do you reach your longest hands
How you consume the local clams
Oh sarlacc sarlacc in the sand

(Oooooooooo)

C'mon c'mon give us a break
C'mon c'mon give us a break
