I step out of my element
To see what's going on in my neighbourhood
A message from the government
Gonna spend all your money cause it makes them feel
good

Taken from a magazine
Selling us the right way to go
Giving me my medicine
I fed her some
Cause they know something we don't know

Don't be telling me I owe you something
Don't be making something out of nothing
First of all it's one thing then another thing
So you won't get a place in my heart
So you won't get a place in my heart

Excuse me if I seem desperate
Watch your mouth don't speak out of turn
We know the man is ruthlessly hard
That's why you'll never get a place in my heart

Don't be telling me I owe you something

Don't be making something out of nothing
First of all it's one thing then another thing
So you won't get a place in my heart
So you won't get a place in my heart

Such a lonely lonely son
Time waits for no one
See the lies behind your eyes
Yeah I can but I don't

Don't be telling me I owe you something
Don't be making something out of nothing
First of all it's one thing then another thing
So you won't get a place in my heart
So you won't get a place in my heart

Don't be telling me I owe you something

Don't be making something out of nothing
First of all it's one thing then another thing
So you won't get a place in my heart
So you won't get a place in my heart
