You tried to punish me, crush my dream, discourage me

Refuse to stand here and let you walk all over me

I gave my blood my soul, didn't know it was foretold

That you would up and walk takin' my treasure, damn you're cold!

When I gave my all to you (gave my all to you)

Left me broken, now I'm beaten and bruised

Tried to take away my life (take away my life)

Brought me to my knees, I need the strength to rise above

Take my heart with my soul, take everything that you want

Quit my love, take my lead, but leave me with my air to breathe

Take my touch with my feelins, take my thoughts with no meanin'

Take it all leave no traces, just leave me with my to breathe

Breathe my baby, breathe my baby, breathe my baby...

You were my everything, my rising sun and starfield

You brought light to my days and gave my world some meanin'

Taken all my light away, perish my existence

Now I won't last the day because you wouldn't listen

When I gave my all to you (gave my all to you)

You left me broken promises, we're done, so I am
through

Take my heart with my soul, take everything that you
want

Quit my love, take my lead, but leave me with my air to
breathe

Take my touch with my feelins, take my thoughts with
no meanin'

Take it all leave no traces, just leave me with my to
breathe

Breathe my baby, breathe my baby, breathe my baby...

Beating on my heart, beating on my heart, beating on
my heart, stop beating on my heart,

beating on my heart, beating on my heart, beating on
my heart, stop beating on my heart

I can't breathe without your heart, I've lost your beat,
why did you leave?

I fell out of sync when you decided to say that we're
through

(Beating on my heart, beating on my heart, beating on
my heart, stop beating on my heart,

beating on my heart, beating on my heart, beating on
my heart, stop beating on my heart)

Take my heart with my soul, take everything that you
want

Quit my love, take my lead, but leave me with my air to
breathe

Take my touch with my feelins, take my thoughts with
no meanin'

Take it all leave no traces, just leave me with my to
breathe

Take my heart with my soul, take everything that you

want

Quit my love, take my lead, but leave me with my air to
breathe

Take my touch with my feelins, take my thoughts with
no meanin'

Take it all leave no traces, just leave me with my to
breathe
