Glorious Day

Stop cause we're speeding to fast

No we can't be found on this merry-go (Round, Round),

Round the table we sat and counselled about the

problems we had

Never want to let all my imaginations run away with me

You know that I can't help the way I feel

You know whatever you want you can have it, if I got it

It's all yours girl

(Time will tell)

Don't ever go from by my side, we can fight the world

whatever it throws at us (Hold on to what you know

well)

Wake up lying in my bed, roses around my head,

holding you one glorious day

Trapped cause I can't speak my mind, lying to myself

I'm travelling blind (Blind, blind)

Caught up in the middle of a self obsessed puzzle

And there is no way that I'm breaking up

So I go and let all my imaginations run away with me

Holding on to what could never be

Reality don't get a hold of me

Don't take my conscience girl Don't take my fantasy

I could never say goodbye cause I'm for you and you
for I

After all this time the truth is hard to find (Truth keeps
running and hiding)

And it never shows it's face (How long can we keep up
the fighting)

And then brush aside the truth between the lines
