Oh yeah!

Set the mood set the groove, set the atmosphere in
which you move in,

Set the mood set the groove, set the energy

I'm watching her puff on her cigarette yeah,

Jack Daniels and soda ordered from the bar,

I grab a glimpse of any girls by my side

Slowly sipping down on her wine.

Set the mood set the groove, set the atmosphere in
which you move in

Set the mood set the groove, set the energy in which
you step too

Set the mood set the groove, set the atmosphere in
which you move in

Set the mood set the groove, set the energy

The way she walks a walk it threatens my eyes

It's the way she swings her hair in time in time to the
music

Baby girl I give you all of my life

Slowly sipping down on her wine.

Set the mood set the groove, set the atmosphere in
which you move in

Set the mood set the groove, set the energy in which
you step too

Set the mood set the groove, set the atmosphere in
which you move in

Set the mood set the groove, set the energy in which
you step too

Playing my song on the piano

She leaves my side.

See the sun that she brings the birds starts to sing

To get you in the moodâ€¦ yeah

Set the mood set the groove, set the atmosphere in
which you move in

Set the mood set the groove, set the energy in which
you step too

Set the mood set the groove, set the atmosphere in
which you move in

Set the mood set the groove, set the energy in which
you step too

Set the mood set the groove, set the atmosphere in
which you move in

Set the mood set the groove, set the energy in which
you step too

Yeah

Set the mood, set the groove, Set the atmosphere in
which you move in

Set the mood set the mood..
