Show me up in the daylight

Intelligent and kind  
And beautifully defined  
Got me bad with your eyes

And we'd be more than friends  
But never less than friends  
Tell me I'm right  
You are my special gem  
One that grows within  
But straight from the heart, oh, no, no, no  
There's nowhere I can hide  
To meet from my disguise

Show me up in the daylight  
Show me in the daylight

Show me up in the daylight  
You made my truth finally shine through like a ray light  
You made me look how I'm supposed to look, ooo  
Show me up in the daylight  
You made my truth finally show through like a ray light  
You made me feel so good  
You made me feel how I'm supposed to feel oh, yeah

I love the way you smile  
The thing you do with your "uuh"  
That's what I mean  
I love everything about you  
You know you love it, too, do you do you

Where did you come from  
Just fell from the sky  
Fell from up above  
And into my life

Show me up in the daylight  
You made my truth finally shine through like a ray light  
You made me look how I'm supposed to look  
Show me up in the daylight

You made my truth finally shine through like a ray light  
You made me feel so good  
You made me feel how I'm supposed to feel

You make me feel so alive, girl

Heheh, uhh, ooh, yeah  
Show me up in the daylight  
You made my truth finally shine through like a ray light  
You made me feel so good  
You made me feel like me, ooh  
Where did you come from  
Where did you come from  
Just fell from the sky  
Fell from up above and into my life, yeah, oh  
(Show me up)  
Show me up in the daylight  
You made my truth finally shine through like a ray light  
You made me feel so in love  
I feel I can touch the sky.
