I'm getting ready for the heartache to come

(can't you see me)

Standing in the shadows of love

I'm getting ready for the heartache to come

[Verse 1:]

Promise me, I wouldn't cry

When the time came girl to say goodbye

I always knew that one day we would part

I always knew that you'd break my heart

But that was a chance I had to take

And even though I knew that it would cause me pain

Just one look and I lost my way

And if you'd ask I'd do the same again

[Chorus]

Standing in the shadows of love

I'm getting ready for the heartache to come

(can't you see me)

Standing in the shadows of love

I'm getting ready for the heartache to come

(can't you see me)

[Verse 2]

Some things in life are too good to resist

Opportunities that shouldn't be missed

From the first time that I laid my eyes on you

I knew right then I couldn't stop even if I wanted to

Cause somehow you got under my skin

My heart was locked but nothing stopped you breaking
in

And even now I know that we're through

Over and over I just wanna kiss you

[Chorus x2]

Standing in the shadows of love

I'm getting ready for the heartache to come

(can't you see me)

Standing in the shadows of love

I'm getting ready for the heartache to come

(can't you see me)

[Bridge]

I'm just a man with a hole in my life

No stars are dancing in my sky tonight

Baby I need you to make this thing right

I can't be alone no one more lie

[Chorus x2]

Standing in the shadows of love

I'm getting ready for the heartache to come

(can't you see me)

Standing in the shadows of love

I'm getting ready for the heartache to come
