Met a girl the other day  
At the flea market I said Hey, what's up?  
She looked at me and then she smiled and so I ran  
away  
I hope that she'll be here when I get back  
Another day

Then I saw her once again  
Making out with her boyfriend, that sucks  
Now I gotta start to try and break those two apart  
'Cause I know that one day she will be mine

If you think this song's about a girl You're probably  
right  
Just like every pop punk song  
If you think this song is dumb and lame you're probably  
right  
'Cause it's about a girl

She's the only one that I will even kind of love  
So now I'm feeling crazy and hoof hearted

If you think this song's about a girl You're probably  
right  
Just like every pop punk song  
If you think this song is dumb and lame you're probably  
right  
'Cause it's about a girl
