I just wanna be the only one to tell you
Which way,
We're going now
It's not fair,
Don't listen,
To anything they've got to say
I can't be everything, but I can try
And change your mind

Every single song turns out the same
Because I'm always singing 'bout you
I know some day that I can change
But for now I can't see through
You try to lie to me but I know
What you're saying cannot be true
And I know that when you're gone
It's the memories I'll hold on

I don't wanna be alone again
Think twice,
Before you do this
It seems like,
You're giving up,
On everything that we had
And I don't understand why
We can't
Start again

Every single song turns out the same
Because I'm always singing 'bout you
I know some day that I can change
But for now I can't see through
You try to lie to me but I know
What you're saying cannot be true
And I know that when you're gone
It's the memories I'll hold on
