I wanna wake up, but I don't wanna wake up next to you
I wanna wake up, but I don't wanna wake up next to you

I know that there's been times
Times where I've been blinded
By something that I put into my body
Then when I wake up
I slowly realize
That I don't know exactly where I am

I wanna wake up, but I don't wanna wake up next to you
(I wanna wake up, but I don't wanna wake up next to
you)
I wanna wake up, but I don't wanna wake up next to you
(I wanna wake up, but I don't wanna wake up next to
you)

It's nothing personal
But I don't like waking up
Next to someone who is really kinda ugly
If you see me out at night
Just try and stay away
Cause I won't remember you the very next day

I wanna wake up, but I don't wanna wake up next to you
(I wanna wake up, but I don't wanna wake up next to
you)
I wanna wake up, but I don't wanna wake up next to you
(I wanna wake up, but I don't wanna wake up next to
you)
