I'm an accident oh
I'm an accident oh
I'm an accident
Oh No

I'm an accident oh
I'm an accident oh
I'm an accident
And I don't care

When my mother told me I was barely 10
Swore that she would never have sex again
Said she didn't want me in the first place
Realized then that I was a mistake
Mother had pills she forgot to take
Didn't protect and nine months later was me

Told me that I took the best years of her life
Now I know why she chased me with that knife
She was angry that I was even conceived
Never got presents on christmas day
Never had a happy holiday
Guess I'll never be good enough for her

I'm an accident oh
I'm an accident oh
I'm an accident
Oh No

I'm an accident oh
I'm an accident oh
I'm an accident
And I don't care
