I'm all confused
Bury it in you're eyes
Don't come unglued
Why don't it feel good?
Set fire to my mind
And everything comes clear
Now everyone's looking

You Just let me burn
I didn't even think you'd notice
But you watch me come apart
Ohh, that's who you are
You just let me burn
I didn't even think you'd notice
When did you notice?
You watch me come apart

I'm all confused
Mix me up
Flash bulbs cut me enough
I recognize you want me
Broken eyes you kill me
It's on

You Just let me burn
I didn't even think you'd notice
But you watch me come apart
Ohh, that's who you are
You just let me burn
I didn't even think you'd notice
When did you notice?
You watch me come apart
You watch me come apart
Ohh, you know
You watch me burn
Just snap your picture
Bleed me again

(Second Movement)

Don't wake me from this
Can't stop this bleeding from in

Can't stop this bleeding from in
Stop the abrasion uncommon
Stuck in your brain until morning
I 'll take the world with one hand
So, now you know
So, now you know
I can hold my own
