There's broken parts of me
And I don't even care
So take what you want
But leave me with something
Maybe my lungs so you can steal my air
And if I let you come to
I want to believe in this
Take me away
Take this all away
Leave me with nothing

I'm praying on the rain
To come and wash away
I'm praying on the rain

No one seems like you anymore
And I can breathe again
Don't want to feel like you anymore
You're sucking the life out
No one seems like you anymore
And I can breathe again
Don't want to feel like you anymore
You take this light

There's broken parts of me
That I don't understand
So take what you want
But leave me with something
Maybe my lungs so you can breathe my air
And if I let you come to
I want to believe in you
Take me away
Take this all away
Leave me with nothing

No one seems like you anymore
And I can breathe again
Don't want to feel like you anymore
You're sucking the life out
No one seems like you anymore
I can breathe again
Don't want to feel like you anymore

Take this light out!!
Don't brake me

I'm praying on the rain
To come and wash away

No one seems like you anymore
And I can breathe again
Don't want to feel like you anymore
You're sucking the life out
No one seems like you anymore
And I can breathe again
Don't want to feel like you anymore
You take this light out
