And we're getting nowhere  
(I bought you drugs ever weekend you ran)  
What am I supposed to do when your turning blue?  
And we're getting nowhere  
(I bought you drugs ever weekend you ran)  
What am I supposed to do when your turning blue?  
Come Tuesday morning hangin out betray your friends  
There's no easy way to say things anymore  
Ever waking moment hangin out  
You take a pill that'll make you spin  
Betray your friends, you fit right in  
This is what you get  
This is what you get  
Where were you?  
(Hangin out sippin vodka with your friends)  
You fit right in  
Watch the whole world disappear  
Where were you?  
We watch the whole world disappear  
Where were you?  
Where were you?

New tone this morning  
Hangin out who are your friends?  
There's no easy way to disappear  
It's coming clear  
Every waking moment bleed it out  
It'll make you sick  
On and on the whole keeps opening  
It sucks you in

This is what you get  
This is what you get  
Where were you?  
(Hangin out sippin vodka with your friends)  
You fit right in  
Watch the whole world disappear  
Where were you?  
We watch the whole world disappear  
Where were you?  
Where were you?

This is what you get  
This is what you get  
Where were you?

We watch the whole world disappear  
Where were you ?  
I tell you don't come around  
I really don't need you around  
I don't need you around  
Where are you?
