Bir eda bir alm  
(A manner a swagger)  
Aldn ban gittin  
(You took yourself away)  
Ne kadar masum  
(So very innocent)  
Bir eyi terkettin  
(But you left it)

Avunurken olur olmaz aklarla  
(While I spent my life with improper loves)  
Seni hem sevdim hem senden nefret ettim  
(I loved you and I hated you at the same time)

Ne sen unuttun ne ben unuttum  
(Neither you nor I forgot it)  
Aldatma kendini gel  
(Don't keep deceiving yourself, come)  
Yanyor iin eriyor iim  
(I'm burning and melting inside)  
Eskisinden de beter  
(Far worse than before)

Gel gel sarnm gel  
(Come come my blond come)  
Gel sana am gel  
(Come, I'm in love with you, come)  
Gel gel gnm gel  
(Come come my sunshine come)  
Gel ok karm gel  
(Come, I'm so confused, come)

Gel gel sarnm gel  
Gel sana am gel  
Gel gel gnm gel  
Gel ok karm gel

Bir ate ki alev alev yanar iimde  
(This is fire burning with flames inside me)  
Sann kokusu kald ellerimde  
(The scent of your hair is still on my hands)

Yatamda deli gibi dner dururum  
(I'm turning in my bed crazily)  
Dolar sanki hayalin hala benimde  
(Like your vision is still touching my body)

Ne sen unuttun ne ben unuttum  
Aldatma kendini gel  
Yanyor iim eriyor iim eskisinden de beter

Gel gel sarnm gel  
gel sana am gel  
gel gel gnm gel  
gel ok karm gel

Gel gel sarnm gel  
gel sana am gel  
gel gel gnm gel  
gel ok karm gel

Gel gel sarnm gel  
gel sana am gel  
gel gel gnm gel  
gel ok karm gel
