Be hey kardes hakki bulam mi dersin  
Hakka yarar amel islemeyince  
Bu sirrin otesin duyam mi dersin  
Mursid-i kamille baslamayinca

Hu hu hu hu, hu hu hu hu...  
Hak la ilahe illallah, illallah  
La ilahe illallah, illallah  
Hak la ilahe illallah, illallah  
La ilahe illallah, illallah

Gel ey kardes gel de birlige ozen  
Birliktir her nefsin kal'asin bozan  
Hic kendi kendine kaynar mi kazan  
Cevre yanin ates eylemeyince

Hu hu hu hu, hu hu hu hu...  
Hak la ilahe illallah, illallah  
La ilahe illallah, illallah  
Hak la ilahe illallah, illallah  
La ilahe illallah, illallah

Askin odu geldi yuregim harlar  
Aski olan ari namusu neyler  
Be hey Yunus sana soyleme derler  
Ya ben oleyim mi soylemeyince

Hu hu hu hu, hu hu hu hu...  
Hak la ilahe illallah, illallah  
La ilahe illallah, illallah  
Hak la ilahe illallah, illallah  
La ilahe illallah, illallah
