If there ever was a perfect night,
This just might be the one.
For telling you the way I feel
And just how real we've become
If I'm anxious and a little uptight
It's because I wanna ask you this right

If I never stop loving you
Will you never start wanting me to?
Say you won't and that's what I'll do
For forever with a heart so true.
If you'll start and end everyday
Forever never wanting me to go away,
All I'm ever gonna always do
Is never stop loving you.

Please forgive me I'm a little bit nervous
I really rehearsed what to say
It's funny, in front of the mirror
My words sounded clearer today
In my heart I've got it straight, in my head
I mean everything I think I just said

If I never stop loving you
Will you never start wanting me to?
Say you won't and that's what I'll do
For forever with a heart so true.
If you'll start and end everyday
Forever never wanting me to go away,
All I'm ever gonna always do
Is never stop loving you.

Even though it isn't what I had planned
I really think you understand
If I never stop

If I never stop loving you
Will you never start wanting me to?
Say you won't and that's what I'll do
For forever with a heart so true.
If you'll start and end everyday

Forever never wanting me to go away,
All I'm ever gonna always do
Is never stop loving you.
All I'm ever gonna always do
Is never stop loving you.
