I'll have have a blue Christmas without you
I'll be so blue just thinkin' about you
Decorations of red on a green Christmas tree
Just won't be the same dear if you're not here with me

And when those blue snowflakes start fallin'
Ah, that's a when those blue memories start a callin'
Well, you'll be doin' alright with your Christmas of white
But baby I'll have a blue, blue, blue, blue Christmas

Well, you'll be doin' alright with your Christmas of white
But baby I'll have a blue, blue, blue, blue Christmas

One more time

Well, you'll be doin' alright with your Christmas of white
But baby I'll have a blue, blue, blue, blue Christmas
